ARDESTANI

Trading Company

In addition to building large industrial greenhouses, the company currently has significant cooperation and partnership with many farmers and gardeners in the region in order to meet the needs of merchants and traders around the world.

Ardestani International Trading Company aims to gain maximum customer satisfaction by raising the level of quantity and quality to its maximum and delivering best quality cucumbers to its customers all around the world.

Business description

China is the first producer of cucumber in the world producing 61 million tons of garden cucumber and greenhouse fruits. Turkey owns the second place producing 2.5 million tons and Iran is in the third place with a production of 2 million tons.

Vision and values

Ardestani International Trading Company intends to maximize its production quantity and quality by building large industrial greenhouses as well as purchasing up-to-date machinery in order to gain customer trust and satisfaction.

Mission and Targets

Ardestani International Trading Company will not spare any effort to achieve its goals by designing short-term, medium-term, and long-term objectives, observing the ethical and professional principles of business.

This company is obliged to adhere to all its principles in order to achieve its ultimate goal, customer satisfaction.

Ardestani International Trading Company's goals are as follows :

- Producing the highest quality greenhouse cucumbers
- Supervising all production stages
- Developing large industrial greenhouses using advanced agricultural machinery
- Taking the lead in the production and eliminating all the intermediaries
- Reducing all the incidental costs
- Expanding the sales market of this fruit and its products such as pickles
- Using the highest technology and latest knowledge to improve sales
- Accelerating and facilitating the sales process for the most convenient delivery system

Message from CEO

Having thousands of hectares of greenhouses, we are one of the largest producers of cucumbers in the world. We will always produce the highest quality and variety of cucumbers in order to meet all our customers' needs and tastes throughout the world and become the main producer of this summer crop globally.
